567790001112244556779900111333344557777788

Perfect. Your hard work is paying off

The value **30** appears 3 time(s) in the data set. The value **39** appears 2 time(s) in the data set. The value **45** appears 2 time(s) in the data set.

Answer Explanation

The value **30** appears 1 time(s) in the data set. The value **39** appears 2 time(s) in the data set. The value **45** appears 1 time(s) in the data set.

Correct answers:

- 133
- 222
- 322

To find the number of times **30** appears in the data set, note that the stem (the part of the number before the last digit) is **3**, and the leaf is **0**. In the row for the stem **3**, the leaf **0** occurs **3** times, so **30** appears **3** times in the data set.

Similarly for the other answers.

Question

A set of data is summarized by the stem and leaf plot below.

Stem1234Leaf1356671123348900002367788811122334567
777

Perfect. Your hard work is paying off
