More Displays of Data

Stem S Leaf Plots—

Example:

Use a stem-and-leaf plot to display the data. The data represent the scores of a biology class on a midterm exam.

75	85	90	80	87	67	82	88
95	91	73	80	83	92	94	68
75	91	79	95	87	76	91	85

Ste	mSst—emDo not re	pLeeaatves
	6	78
	7	53596
	8	507280375
	9	05124151

Leaves—Represented by one number; usually by the last digit

Example:
