Introduction

Hello Professor Margaret Thorne and classmates! Nice to meet you all! My name is Tetiana Rodov. I was born in June, 1971 in Ukraine and immigrate in USA in 2012. Now I am an US citizen and happily married to Yury Rodov who works as an RN in West Palm Beach VA Medical Center, Florida. Our family lives in Palm Beach Gardens, Florida and consists from 5 people including 2 daughters and son in-law. We are all working so hard on our better future. My older, 26 years old, daughter Anastasiia has a cerebral palsy and all our life is spinning around her. On our free time, we enjoy our boxer-dog Zhora and 2 sphinx-cats, they are our extended family. I recently finished my nursing school and just get a job in Palm Beach Gardens Medical Center as an ICU RN. As my long term goal, I see myself as an FNP graduate from Chamberlain Collage. I am looking forward to spend great learning time with you all. We all have to workhard on our goals and make our dreams come true.

Best regards,
