Question 4 1 pts

All of the characteristics about bias are true EXCEPT:

Group of answer choices

- We tend to hold implicit biases that favor our own “in group,” and against our perceived “out groups” and resist the unfamiliar.
- Implicit associations do not necessarily align with our declared beliefs.
- Implicit biases are fixed and therefore cannot be unlearned through corrective actions.
- Unchecked implicit biases can evolve and become explicit biases.
- Explicit biases are dangerous since they are conscious thoughts dominated by faulty reasoning.
