

Week 5 Implementing Change Discussion

Purpose

The purpose of the graded collaborative discussions is to engage faculty and students in an interactive dialogue to assist the student in organizing, integrating, applying, and critically appraising scholarly literature regarding success strategies for graduate nursing education. Meaningful dialogue among faculty and students fosters the development of a learning community as ideas, perspectives, and knowledge are shared. This discussion will support the professional formation of the nurse practitioner role.

Course Outcomes

This discussion enables the student to meet the following course outcomes:

- CO 1: Examine essential competencies and underpinnings across advanced nursing practice roles. (POs 2, 5)
- CO 5: Demonstrate professional competencies in the formation of the advanced nursing practice role. (POs 1, 2, 3, 4, 5)

Total Points Possible: 50 p

Points Preparing the Discus

sion

Follow these guidelines when completing each component of the discussion. Contact your course faculty if you have questions.

General instructions:

Review the scenario and address the questions below.

You are a nurse practitioner employed in a busy primary care office with responsibilities for managing the office staff, including the medical assistants who aid in client care as well as filing, answering calls from clients, processing laboratory results, and taking prescription renewal requests from
