

NR 548 Week 5 Discussion

Summarize the competencies associated with the selected standard.

I. Standard 5A: Coordination of Care

II. Standard 5B: Health Teaching and Health Promotion

Address The Questions Below Specific to Each of the Standards You Selected.

- I. What is the scope of practice implications for PMHNPs providing physical and mental healthcare, including prescribing considerations?*
- II. As a practicing PMHNP, how will you respond to clients who request medications or treatments based on information they researched on the internet?*

Provide an example of applying each of the selected standards in your future practice.
