

Ethical Dilemma in Transfusions: Balancing Autonomy and Family Access Healthcare

Student Name: [Type Here]

Session: [Type Here]

Introduction

This presentation will:

- ☐ Explore the ethical dilemma presented by the case study, focusing on the ethical dilemmas in balancing patient autonomy and family wishes in healthcare
- ☐ Examine advanced nursing roles in managing ethical dilemmas
- ☐ Provide actionable recommendations for nursing practice

Nurses can help solve this ethical dilemma through;

- ☐ Advocacy for their patient autonomy.
- ☐ Application of all relevant ethical frameworks.
- ☐ Education and communication with stakeholders.
