

The Value of Peer Review

Discussion

Purpose

The purpose of the discussion this week is to analyze the value of the peer review process as a DNP student and developing leader in healthcare.

Instructions

Review this week's readings and provide your response in 150 words or less:

1. State your practice question in PICOT format.
2. Analyze the value of the peer review process of offering feedback as a future DNP-prepared nurse leader.
3. Describe a time when you provided peer review to a colleague.

Use Grammarly and current APA format for the posts. Do not repeat the prompts in the post. Provide respectful and thought-provoking feedback to your student colleagues. Ask for clarification and elaboration if needed.

Please click on the following link to review the DNP Discussion Guidelines on the Student Resource Center program page:

State your practice question in PICOT format.

Among adult patients on second-generation antipsychotics, how does the use of the Diabetes Self-Management Education and Support (DSMES) compared to current practice help to impact fasting blood glucose over a period of 8-12 weeks?

Analyze the value of the peer review process of offering feedback as a future DNP- prepared nurse leader.

As a future DNP-prepared nurse leader, the peer review process can be a valuable tool for offering feedback on the work of colleagues. Peer review provides an opportunity
