⚠ Correct answers will be available on Oct 23 at 10:59pm.

Score for this quiz: 30 out of 30

Submitted Oct 20 at 11:14pm

This attempt took 55 minutes.

**Question 1**

1 / 1 pts

At 12 weeks in a pregnancy the fundal height of the uterus should be:

- ☒ Above the symphysis pubis
- ☐ Halfway between symphysis pubis and umbilicus
- ☐ At level of umbilicus
- ☐ Below symphysis pubis

**Question 2**

1 / 1 pts

Susan is a 29 y/o female who comes to the clinic with a 3-day history of fever, chills, nausea, vomiting, and flank pain. During the visit, the NP does a urine dipstick and discover that Susan is positive for nitrites, leukocytes, and >10 WBCs. The physical exam reveals a CVA tenderness. Within 2 weeks, Susan returns to the clinic and a culture of her urine shows she has the same bacteria as when the NP first saw her. This would be referred to as

- ☒ Relapsing UTI
- ☐ Recurring UTI
- ☐ Persistent UTI
- ☐ None of the above

Question 3

1 / 1 pts

Sam is a 19 y/o male who comes to the clinic with a chief complaint of several weeks of fatigue and non-productive paroxysmal coughing. He initially had a sore throat, some rhinitis, and low-grade fever. Treatment of Sam's condition includes which of the following:

- ☐ A. Doxycycline
- ☐ B. Azithromycin
- ☐ C. Tessalon Perles
- ☐ D. All of the above
- ☒ E. A & B only

Question 4

1 / 1 pts

Breast cancer in women is characterized by all of the following except:

- ☒ Mobile mass on palpation
- ☐ Mass is painless
- ☐ Mass is typically found in the upper outer quadrant
- ☐ Skin around breast is dimpled

Question 5

1 / 1 pts

Zina is a 34 y/o female who comes to the clinic with a chief complaint of 3 years of chronic heartburn. She states that she gets it after eating tacos and bacon. She has tried to self-medicate with OTC antacids with no improvement. In the exam, the NP notices a sour odor on Zina's breath, thinning tooth enamel, and a chronic red throat. Medications to assist Zina would include all the following except:

- ☐ Zantac
- ☐ Pepcid
- ☒ NSAIDS
- ☐ Prevacid
