

Academic and Professional Success Plan

Psychiatric mental health Nurse practitioner, Walden university

Course 6003: Transition to Graduate study of Nursing

Module 1 | Part 1: Developing an Academic and Professional Network

When I decided to joining Np school online, I had so many questions arise in my mind. I wondered what it would be like talking classes entirely online with no in-person sessions. Having had in person courses collage experience. I knew this would be different and take some adjusting to and one day when I discussed with my colleges related to this My collages share some experience and what they felt was importance as academic support during their online classes and this way when I did some research related to that I found that essential support were interactions with other collages in their courses and with the instruct through class discussion board in necessary. I also think that having other support will be just as important, so I will review who my main support will be while. I am in NP program and why they are necessary.

My teacher, who is MSN in psychiatric. Deepak Sharma has 15 years of experience as a Nurse and 9 years of experience in teaching. He will be significant support during my Np program journey. He started his professional career as a teacher with our batch when I was in nursing school So, we have a nice bonding with each other. he always encourages to me for taking the continues education in psychiatric and because of him psychiatric is my favorite subject today. and I know as a psychiatric teacher whenever I stuck somewhere he will be always available for me to guide me.so this is one of the reason, that my journey will be smooth and easy .

Module 2 | Part 2: Strategies to Promote Academic Integrity and Professional Ethics

I have analyzed the relationship between academic integrity and writing, as well as the relationship between professional practices and scholarly ethics. I have also identified strategies I intend to pursue to maintain integrity and ethics of my academic work while a student of the MSN program, as well as my professional work as a nurse throughout my career. The results of these efforts are shared below.

Directions: In the space below craft your analysis/writing sample, including Part 1 (The Connection Between Academic and Professional Integrity) and Part 2 (Strategies for Maintaining Integrity of Work).

Part 1: Writing Sample: The Connection Between Academic and Professional Integrity

In the space below write a 2- 3-paragraph analysis that includes the following:

- Explanation for the relationship between academic integrity and writing
- Explanation for the relationship between professional practices and scholarly ethics
- Cite at least 2 resources that support your arguments, being sure to use proper APA formatting.
- Use Grammarly and SafeAssign to improve the product.
- Explain how Grammarly, Safe Assign, and paraphrasing contributes to academic integrity
