Global Navigation.

Hi Uchenna,

You will find this global navigation bar on every page in your Canvas environment, to provide quick access to the most utilized tools, outside of a course.

Default icons include Account, Dashboard, Course, Calendar, Inbox, and Help. If you are part of any global groups, an icon will appear here to access them. In keeping with universal design principles and accessibility, the names of these icons can not be altered.

Other links may also appear here, depending on what your institute has deployed.
